INDIANAPOLIS,

The Blue Book Publishing Co.,

1894.

## ANNOUNCEMENT.

THE Publishers of this, the first Indianapolis Blue Book, have taken the greatest pains to make it an accurate and representative publication. That it contains errors we well know. Many intelligent people distrust a new departure and withhold information which is for the general good. But we feel sure the book will win its way. We will thank those who are interested in making it better to send in corrections at once. These will be embodied in a supplement to be issued about Jan. 1st, 1894, and mailed free to all subscribers.

Respectfully,  
The Blue Book Pub. Co.

OUR FACILITIES for first-class tailor work place us in the first rank. We employ

## Only the Best Workmen,

and our cutters are artists in their profession.

It is unnecessary to enumerate the advantages of first-class Merchant Tailor work over ready made, and with our facilities the cost is but a trifle higher and the

## Product is Perfect.

Other so-called Merchant Tailors may offer cheaper work, but it will not stand comparison with our out-put.
